

## Fort Meade NSA

I was the only sailor working with a half dozen Air Force Weathermen. So I did not know most of these in the picture, and some I have forgotten their names. Ones that I do remember are:

Don Pullian Standing 2nd from left \* Lewis Pittell Standing 8th from right  
Larry Yanger Standing 5th from right \* David Kath Standing 7th from right  
Ken Smith Standing 4th from left \* Dick Nordby Kneeling 1st on left
