Mr. Mike Gilroy  
Naval Weather Service Association  
743 Dry Creek Drive  
Chula Vista, CA 91914-2412

Dear Mike,

I am pleased to announce that the Executive Committee of the American Meteorological Society approved the recommendation of **Roy Patrick Galang** as the recipient of the 2024 AMS Naval Weather Service Association *Senior* Undergraduate Scholarship and **Jocelyn Bilker** as the recipient of the 2024 Naval Weather Service Association *Freshman* Undergraduate Scholarship. *Roy* will be entering his final year of undergraduate study at the University of Oklahoma and is majoring in meteorology. He is interested in tropical cyclones/tropical meteorology. *Jocelyn* will be entering her freshman year at The Pennsylvania State University and will major in meteorology and atmospheric science. She is interested in weather forecasting and communications. They are absolutely outstanding students and received strong recommendations from their faculty advisors. I have enclosed contact information for both students.

The recipients will be announced in the September issue of the *Bulletin of the AMS (BAMS)*. You will receive a copy of the September BAMS issue as soon as it is published this fall. We will also announce the awards at the 105th AMS Annual Meeting in New Orleans, Louisiana. The meeting is scheduled to take place during the week of 12 January - 16 January 2025. We hope that you will be able to join us in New Orleans. The scholarship and fellowship students will also be invited. We will be happy to let you know if your student is able to attend.

Again, on behalf of AMS, thank you for your support. Please do not hesitate to call me with any questions. I can be reached at AMS headquarters in Boston, (617) 226-3901.

Best regards,

Stella Kafka  
Executive Director
