Mr. Mike Gilroy  
Naval Weather Service Association  
743 Dry Creek Drive  
Chula Vista, CA 91914-2412

Dear Mike,

I am pleased to announce that the Council of the American Meteorological Society approved the recommendation of **Kelly Neighbour** as the recipient of the 2023 AMS Naval Weather Service Association *Senior Undergraduate Scholarship* and **J. William Thiesing III** as the recipient of the 2023 Naval Weather Service Association *Freshman Undergraduate Scholarship*. *Kelly* will be entering her final year of undergraduate study at the University of Georgia and is majoring in atmospheric sciences and geography. She is interested in radar meteorology. *William* will be entering his freshman year at the University of Oklahoma and will major in meteorology. He is interested in radar and severe storms. They are absolutely outstanding students and received strong recommendations from their faculty advisors. I have enclosed contact information for both students.

The recipients will be announced in the September issue of the *Bulletin of the AMS (BAMS)*. You will receive a copy of the September BAMS issue as soon as it is published this fall. We will also announce the awards at the 104th AMS Annual Meeting in Baltimore, Maryland. The meeting is scheduled to take place during the week of 28 January - 1 February 2024. We hope that you will be able to join us in Baltimore. The current scholarship and fellowship students will also be invited. We will be happy to let you know if your student is able to attend.

Again, on behalf of AMS, thank you for your support. Please do not hesitate to call me with any questions. I can be reached at AMS headquarters in Boston, (617) 226-3901.

Best regards,

Stella Kafka  
Executive Director
