

Notes and Hints and Clues

First Time Cruisers and Refresher for all!

LUGGAGE AND LUGGAGE TAGS

When you arrive at the pier, attach your luggage tags (which you print out from the Celebrity website on the computer (they will be available to print about two weeks prior to sailing) to your luggage and leave at the luggage drop. Your tags will show the crew which cabin number to bring your bags.

If you do not have a plastic holder for the luggage tags, bring a stapler or tape to attach. DO NOT attach the tags prior to your flight. They will most likely get torn off.

Then proceed to the boarding area with your carryon bag (which will include your medications and valuables). To board you will need:

Express pass

Passport

Military ID (for the discount you received)

Credit Card (same one used for express pass)

NOTE: Night before you disembark, the procedure is to leave your luggage packed and outside your cabin 8-10 pm. The carry on should stay with you since you will need to pack your overnight items and your meds and valuables. (when you pack and leave your luggage outside, remember to keep an outfit for the next day including shoes. Once I forgot and packed my shoes!)

You will be given luggage tags and information where to gather for the disembarkation process.

WHAT IS INCLUDED IN OUR PACKAGE

The package we purchased for the cruise includes:

WIFI

Gratuities

Onboard Credit (\$200 plus an additional \$25 after boarding)

Classic Drink Package (some of you have upgraded to premium package which is \$17 limit per)

There has been a little confusion regarding the classic drink package. There is much more detailed information on the Celebrity website but basically you have unlimited alcoholic and nonalcoholic drinks (up to a cost of \$11 per drink) for the entire cruise. They will ask for your sea pass card each time you order any drink, including water. The classic package is on your card. The sea pass card should stay with you at all times. It is also the key to your cabin.

CELEBRITY PHONE APP

Important you install the Celebrity app on your phone. It includes entertainment, menus and activities and much more.

Once you board the ship it is a good plan to put your phone on airplane mode. That way you will not have to worry about being charged extra by your carrier for international.

Once on board, you will be able to log onto the ships WIFI system.

SAFE

Each cabin has a safe. Suggest you put all valuables plus your passport and identification in the safe. You will not have need of money or identification or charge cards while you are on board.

EXCURSIONS and PORTS

When we are in port, you may want to bring a copy of your passport with you. You should bring your drivers license and charge card and/or money since you may want to purchase items while off the ship.

QUESTIONS

At any time while on board, feel free to go to Guest Relations, Deck 3. They are happy to help in any way they can. They welcome questions, problems, issues and even compliments on any staff member.

And, SHIPMATES...

Please feel free to ask or discuss anything at all prior to sailing. Its fun to chat together about this wonderful upcoming reunion cruise!
