Original negative covid test taken within 48 hours prior to boarding*

For the latest updated information, please go to Celebrity website. Menu tab upper left. Search button. Type in Covid.

If you intend to fly to Miami, suggest you call Celebrity Air 800-533-7803. They can often obtain better pricing and can use your preferred airline. You can make reservations with them without payment until cruise payment is due (Dec 30) and can cancel any time prior to payment. They have a guarantee that they will be there to assist should your flight be cancelled or delayed.

Ed and I (Patti Straten) have made our reservation through Celebrity Air.

*Recently I (Gary Cox) used Azova.com to order Rapid Antigen At-Home / Self-Administered PCR Testing with Video Observation. You order a test kit from them, then schedule an online video observation appointment where they step you through the test, inspect and verify the result. They then send you electronically test result documentation, usually within one hour, to submit to whomever requires it. Total cost is \$32 for test kit and observation.
